Introduction:

I like to go to many different places depending on my mood. Today, however, I am going to tell you about a special place which is the most attractive place in my country. I will explain where it is and how I went there. I will try and describe what it looks like and explain why I like the location so much.

Where is this place?

Well, my upcoming describing tourist place where I had visited recently is Cox'sbazar. From my point of view, this place is one of my most attractive places in my eyes or at least as good as others. Cox'sbazar is the southern part of Bangladesh. It is 200 kilometers away from the main division.

Why do you like this place?

Now the question is why I do prefer this place most. Firstly, Cox'sbazar is not only famous for the sea beach but also renowned for its apex hills. Secondly, the sea food is really delicious. Thirdly, the people of this city are generous, easy going and hospitable. Moreover, the whole environment is so cool which helps me to reduce anxiety and stress.

When and how did you go there?

Actually, I went there on 22 September, 2021 with some of my colleagues. To go there, I required to purchase advance air ticket 2-3 days prior to the departure.

Imaginary something:

As far as I could vividly remember when we went Cox'sbazar last time suddenly we found a one-legged-person while we were enjoying the sea roar in the afternoon. He asked for food from us then we brought him to a restaurant and fed him as far as he could. He was so happy that he could not express. Never have I seen such sort of happiest person in my life.
