Linking Words- writing 25%

Mr. Bhuiyan Vai **personally I believe** deserves IELTS score 8.

For example, a marketer **who manages to sell a product more than their target** will be granted a higher **bonus** **than** those who do not.

Linking words (যাকে cohesive devices বা connectors-ও বলা হয়) হলো এমন শব্দ বা ক্রোড়, যা দুইটা বাক্য বা দুইটা আইডিয়াকে logically connect করে।

যেমন ধরেন—আপনি একটা essay লিখছেন। একটা বাক্যে বললেন "Education is important." পরের বাক্যে বললেন "It helps people get better jobs."

এখন এই দুইটা বাক্যকে smooth করতে যদি লেখেন—"Education is important. **Therefore**, it helps people get better jobs." → তখন flow অনেক বেশি natural হবে।

এই **therefore**-ই হলো linking word.

বিভিন্ন ক্ষেত্রে ব্যবহৃত বিভিন্ন Linking Words এবং তাদের ব্যবহার নিচে দেখানো হলঃ

Some sports are particularly effective, **namely**, swimming and cycling. **In other words**, exercise is not just optional but a necessity for overall well-being.

Generalising

Generalising linking words ব্যবহার করা হয় একটি সাধারণ সত্য বা trend বোঝাতে। এগুলো argument-কে কম rigid ও বেশি realistic করে, কারণ কিছু ক্ষেত্রে IELTS examiner আশা করেন আপনি absolute না হয়ে balanced opinion দিবেন।

Result Linking Words

Result linking words ব্যবহার করা হয় একটি reason-এর পরিণতি বা ফলাফল বোঝাতে। IELTS examiner দেখতে চান যে আপনি cause-effect relation clearly explain করতে পারছেন। এগুলো argument-কে logical এবং persuasive করে।

Word / Phrase	Bangla Meaning	Where to Use
So	তাই	To show a direct, simple result
Therefore	সুতরাং	To present a logical conclusion
As a result / consequence	ফলস্বরূপ	To highlight an outcome
Accordingly	সেভাবেই / সেই অনুযায়ী	To show something happened in response
Consequently	ফলস্বরূপ	To indicate a direct logical outcome

Thus	অতএব	To present a formal result
Hence	এজন্য / সেই কারণে	To show a logical outcome (formal)

For this/that reason	এই কারণে	To emphasize the cause-effect relation
So that	যাতে	To indicate purpose → consequence
In that case	সেই ক্ষেত্রে	To show a conditional consequence
Under these circumstances	এই পরিস্থিতিতে	To show consequence in a specific condition

Example

Urban areas attract **thousands of migrants** every year, and **so** housing shortages have become common. **Therefore**, governments must take action to provide affordable housing. **As a result**, many cities have launched new public housing projects. **Consequently**, living standards have slightly improved, though challenges remain. **Because of this**, some citizens prefer to move to smaller towns. **Thus**, urban planning plays a crucial role in sustainable development. **For this reason**, policymakers need to invest more in infrastructure. **In that case**, cities will become more livable. **Under these circumstances**, long-term planning is the only viable solution.

Highlighting Linking Words

Particularly	বিশেষভাবে	To emphasize one aspect more strongly

Stating the obvious

Stating the obvious linking words ব্যবহার করা হয় যখন আমরা **obvious truth** বা **generally accepted fact** বোঝাতে চাই। এগুলো argument-কে আরও **confident** এবং **natural** করে তোলে। Writing-এ সাধারণত **supporting argument** জোরদার করতে এবং Speaking-এ **natural tone** আনতে ব্যবহৃত হয়।

Word / Phrase	Bangla Meaning	Where to Use

Surely	অবশ্যই / নিশ্চিতভাবে	To stress certainty
After all	আসলে / সবকিছুর পরও	To remind of a reason that makes it obvious

Example

Obviously, education is a key factor in personal development. **Clearly**, without proper education, individuals have fewer job opportunities. **Naturally**, countries with strong education systems progress faster. **Of course**, there are challenges in providing equal access for all students. **As can be expected**, wealthier nations invest more in education. **Surely**, this investment benefits society in the long run. **After all**, education is the foundation of any developed nation.

Deduction Linking Words

Deduction linking words ব্যবহার করা হয় একটি **fact, condition, বা situation** থেকে **conclusion** বা **logical inference** টানতে।

IELTS Writing Task 2-এ এগুলো দিয়ে argument শক্তিশালী করা যায়, আর Speaking-এ এগুলো উত্তরকে **thoughtful** এবং **analytical** করে তোলে।

Word / Phrase	Bangla Meaning	Where to Use
Then	তাহলে	To show a direct consequence of a condition

In that case	সেই ক্ষেত্রে	To show what happens if a certain condition is true
Otherwise	নাহলে / অন্যথায়	To show the negative consequence if condition not met
This implies that ...	এটি বোঝায় যে...	To highlight the logical conclusion from facts
If so / not	যদি তাই হয় / না হয়	To show conditional reasoning or outcome

Example

Many young people choose to study abroad; **in other words**, they believe foreign education offers better opportunities. If tuition fees are affordable, more students will go overseas; **then**, international mobility will increase. **In that case**, home countries may suffer from brain drain. **Otherwise**, if students cannot afford it, they will continue studying locally. **This implies that** governments must create policies to balance both situations. **If so**, both individuals and nations can benefit from global education systems.

Alternative Linking Words

Expressing an alternative linking words ব্যবহার করা হয় যখন একটি argument বা solution এর অন্য **path, option** বা বিপরীত দৃষ্টিভঙ্গি উপস্থাপন করা হয়। IELTS Writing Task 2-এ এগুলো দিয়ে **balanced essay** লেখা যায়, আর Speaking-এ এগুলো দিয়ে **multiple perspectives** explore করা যায়।

Reformulation

Reformulation linking words ব্যবহার করা হয় কোনো **idea** কে **clarify** বা **rephrase** করার জন্য। এগুলো argument-কে **clearer, reader-friendly** এবং **examiner**-এর কাছে সহজবোধ্য করে। IELTS Writing-এ এগুলো academic explanation-এর জন্য ভালো, আর Speaking-এ এগুলো natural conversation-এর মতো শোনায়।

IMPORTANT NOTES

Formal – For Writing

Informal – Can be used in Speaking, Should not be used in Writing

Rule: Position matters

অনেক linking word সাধারণত **sentence**-এর শুরুতে বসানো হয়, কারণ এগুলো নতুন idea introduce করে বা পূর্বের idea-এর সাথে connection তৈরি করে (*However; Therefore, Moreover*)।

তবে কিছু linking word **sentence**-এর মাঝখানে **clause**-কে আলাদা করতে ব্যবহার করা যায়, যেমন *however* বা *therefore*। এগুলোকে মাঝখানে বসালে সাধারণত **comma** দিয়ে দুই পাশে আলাদা করতে হয়।

আর কিছু linking word **sentence**-এর শেষে casual বা spoken tone-এ মানায় (যেমন *though, too*)।

অর্থাৎ linking word-এর **position flexible** হতে পারে, কিন্তু grammar ও punctuation সঠিক হতে হবে।

Applies to:

- **Sentence শুরুতে:** *However; Therefore, Moreover, In conclusion, On the other hand*
- **Sentence মাঝখানে:** *However; therefore, indeed, in fact* (clause আলাদা করতে)
- **Sentence শেষে (informal, Speaking):** *too, though, after all*

Examples:

- **Sentence শুরুতে:** *However, many people disagree with this policy.*
- **Sentence মাঝখানে:** *Many people, however, disagree with this policy.*
- **Sentence মাঝখানে (formal tone):** *This policy, therefore, needs to be revised.*
- **Sentence শেষে (informal):** *I liked the movie, though.*

Rule: Comma use

Linking words যখন **sentence**-এর শুরুতে বসানো হয়, তখন এগুলোকে বাকির থেকে আলাদা করতে সাধারণত **comma** ব্যবহার করতে হয়। এতে করে idea-র transition reader-এর কাছে পরিষ্কার হয়। তবে যখন linking word **sentence**-এর মাঝে বা শেষে থাকে, তখন comma সবসময় লাগে না। IELTS Writing-এ এই ছোটখাটো punctuation সঠিকভাবে ব্যবহার করা খুব জরুরি, কারণ এটি **cohesion and coherence**-এর অংশ।

Applies to:

- **Comma প্রয়োজন হয়:** *In conclusion, Therefore, However, On the other hand, To summarise*
- **Comma optional / সাধারণত লাগে না:** *because, although, and, but* (এগুলো conjunction হিসেবে use হয়, sentence শুরু নয়)
- **Comma rare (informal use):** *too, though* (Speaking-এ শেষে এলে সাধারণত comma লাগে না)

Examples:

- **Sentence শুরুতে (comma প্রয়োজন):** *In conclusion, education is vital.*
- **Sentence মাঝখানে (comma optional):** *I stayed home because it was raining.*

- Sentence শেষে (comma usually নয়): *I liked the concert too.*

Rule: Subject + Verb

Linking word ব্যবহারের পর সর্বদা একটি **complete clause** থাকতে হবে, যেখানে **subject + verb** দুটোই থাকবে। শুধু **phrase** বা **verb** বসালে sentence অসম্পূর্ণ হয়ে যায়। IELTS Writing-এ এই ভুল করলে **grammar band score** কমতে পারে। বিশেষ করে *Because of this, Therefore, As a result, However* ইত্যাদি ব্যবহার করলে মনে রাখতে হবে যে এগুলোর পর **proper clause** দিতে হবে, শুধু **action word** বা **noun phrase** নয়।

Applies to:

- Always clause needed: *Because of this, Therefore, As a result, Consequently, However, Hence*
- Common mistake হয় এগুলো ব্যবহার করে শুধু **phrase** বসালে

Examples:

- **Correct (subject + verb আছে):** *Because of this, people moved to safer areas.*
- **Wrong (subject missing):** *Because of this, moved to safer areas.*
- **Correct:** *Therefore, the government implemented new policies.*
- **Wrong:** *Therefore, new policies.*

Rule: Parallel structure

কিছু linking word pair যেমন *not only ... but also, either ... or, neither ... nor*, এগুলো ব্যবহার করার সময় **same grammatical form** (noun+noun, verb+verb, adjective+adjective) রাখতে হয়। নাহলে sentence awkward শোনায় এবং grammatical error ধরা হয়। IELTS Writing Task 2-এ এ ধরনের ভুল করলে **grammar ও cohesion-এ** নম্বর কমে যাবে।

Applies to:

- **Strictly parallel needed:** *not only ... but also, either ... or, neither ... nor, both ... and*
- **Common mistake:** একপাশে noun বসানো, আরেকপাশে verb বসানো → imbalance

Examples:

- **Correct (noun + noun):** *Not only studying but also working abroad can be beneficial.*
- **Wrong (noun + verb):** *Not only studying but also work abroad can be beneficial.*
- **Correct (verb + verb):** *She either wants to study or wants to travel.*
- **Wrong (verb + noun):** *She either wants to study or travelling.*

Rule: Register matters

সব linking word সমান formal নয়। কিছু word একদম academic tone-এর জন্য perfect (যেমন *nevertheless, consequently, therefore*), এগুলো IELTS Writing Task 2-এ ব্যবহার করতে হবে। অন্যদিকে কিছু linking word informal (যেমন *so, after all*), এগুলো শুধু **Speaking বা casual writing**-এ মানায়া। সঠিক register না বেছে নিলে writing-এ tone mismatch হবে এবং examiner কম নম্বর দিতে পারেন।

Applies to:

- **Formal (Writing Task 2, Academic tone):** *Therefore, Consequently, Nevertheless, In addition, Moreover*
- **Informal (Speaking, personal tone):** *So, After all, Anyway, Plus*
- **Neutral (both context-এ acceptable):** *However, On the other hand, Overall*

Examples:

- **Formal (correct for Writing):** *Therefore, policies must change to reduce carbon emissions.*
- **Formal (correct for Writing):** *Nevertheless, the solution requires long-term planning.*
- **Informal (natural in Speaking):** *So, things got better after the new teacher joined.*
- **Informal (natural in Speaking):** *After all, everyone wants a bit of comfort in life.*

Rule: No double connectors

একই sentence-এ দুইটি **linking word** একসাথে বসানো **grammatical ভুল**। অনেক learner জোর দিতে গিয়ে *but however, and also, so therefore* ইত্যাদি লিখে ফেলেন। এগুলো redundancy তৈরি করে এবং IELTS Writing-এ examiner এটাকে ভুল হিসেবে ধরবেন। Linking word-এর কাজ হলো একটি **clear connection** তৈরি করা, তাই এক জায়গায় একটি যথেষ্ট।

Applies to:

- সাধারণ ভুল জোড়া: *but however, so therefore, and also, yet nevertheless*
- সঠিক ব্যবহার: একটিই connector → *however, therefore, also* ইত্যাদি

Examples:

- **Wrong:** *But however, he left the job.*
- **Correct:** *However, he left the job.*
- **Wrong:** *So therefore, the problem was solved.*
- **Correct:** *Therefore, the problem was solved.*
- **Wrong:** *And also, students should study regularly.*
- **Correct:** *Also, students should study regularly.*

Rule: Consistency

Linking words ব্যবহার করার সময় একই ধরনের বা একই category-র words logically মিশ্রিত করতে হবে। যদি শুরু করেন *Firstly* দিয়ে, তাহলে পরেরটা হবে *Secondly* বা *Thirdly*, শেষে *Finally*। একইভাবে, যদি contrast দেখাতে চান, তবে *However*, *On the other hand*, *In contrast* ব্যবহার করবেন; কিন্তু হঠাৎ listing বা summary marker বসালে flow ভেঙে যাবে। IELTS Writing Task 2-এ এই consistency না থাকলে cohesion score কমে যায়।

Applies to:

- **Listing (order/steps):** *Firstly, Secondly, Finally*
- **Additive:** *Moreover, Furthermore, In addition*
- **Contrastive:** *However, On the other hand, In contrast*
- **Concessive:** *Even though, Nevertheless, Still*
- **Summary:** *In conclusion, To summarise, Overall*

Examples:

- **Correct (listing consistency):** *Firstly, the government should invest in education. Secondly, healthcare must be improved. Finally, infrastructure requires attention.*
- **Wrong (mixed categories):** *Firstly, the government should invest in education. On the other hand, healthcare must be improved. To summarise, infrastructure requires attention.*
- **Correct (contrast consistency):** *However, urban life is expensive. On the other hand, it provides better job opportunities.*
